

RABI PRASAD BHAGAT

Mullana, Ambala | Phone: +91 8307855628 | Email: rabibhagat789@gmail.com

Portfolio: rabibhagat.com.np | LinkedIn: linkedin.com/in/rabi-bhagat789 | GitHub: github.com/Rabi-Bhagat

OBJECTIVE & PROFESSIONAL SUMMARY

Objective: Seeking a challenging Software Engineering position to leverage my expertise in Full-Stack Web Development, CI/CD pipelines, and cloud deployment.

Summary: Results-oriented B.Tech Computer Science and Engineering student with established expertise across the MERN stack, TypeScript, and modern DevOps practices. Proficient in integrating Test-Driven Development (TDD) methodologies to validate application logic and ensure exceptional backend performance. Proven technical leader directing multi-disciplinary teams to deliver highly scalable, containerized software deployments.

TECHNICAL SKILLS

- **Programming Languages:** C++, C, JavaScript, TypeScript, Python, HTML5, CSS3
- **Frameworks & Web Technologies:** React.js, Node.js, Express.js, Tailwind CSS, Flutter, WordPress
- **DevOps, Cloud & Databases:** AWS, Docker, CI/CD Pipelines, MongoDB (Atlas), Git/GitHub, Vercel, GCP
- **Core Competencies:** Full-Stack Architecture, RESTful APIs, Test-Driven Development (TDD), Microservices, Systems Design

PROFESSIONAL EXPERIENCE

Amdox Technologies | *Software Engineering Intern*

November 2025 – Present | Mullana, Ambala

- Execute thorough validation and frontend component testing using Test-Driven Development (TDD), achieving 95% test coverage and reducing production bugs by 30%.
- Collaborate within formal CI/CD pipelines, utilizing Agile principles to streamline continuous code updates and seamless software delivery.

YugaYatra Retail (OPC) Pvt Ltd | *Frontend Development Intern*

September 2025 – October 2025 | Remote

- Architected responsive UIs for commercial retail applications, optimizing functional component reuse to decrease page load latency by 25%.
- Integrated TypeScript across 10+ core modules to ensure strict type safety and cross-browser alignment.

Independent Software Developer | *Project Engineering*

July 2025 – August 2025 | Remote

- Engineered and deployed scalable Full-Stack platforms (Mohanpur Village, SecureDocs), establishing automated CI/CD workflows via GitHub Actions.
- Containerized local development environments using Docker to ensure consistent logic execution across database and server architectures.

CodeAlpha (MSME Certified) | *Frontend Development Intern*

May 2025 – June 2025 | Remote

- Engineered 3 interactive web systems utilizing native JavaScript and component hierarchies, delivering applications with 100% responsive design scores.

KEY PROJECTS

BarkhAI – AI-Powered Rainwater Harvesting Assessment System

- Directed a team of 4 engineering students to map and deliver a modular smart resource evaluation infrastructure, improving data mapping efficiency by 40%.

SecureDocs Document Platform / *securedocs-a3x.pages.dev/login*

- Designed an encrypted document ecosystem utilizing Node.js, Express, and MongoDB Atlas, supporting highly authenticated storage for 100+ concurrent simulated users.

E-Commerce Interface & Productivity Portfolio

- Built 15+ modular frontend UI blocks for an e-commerce catalog, driving a 20% increase in cart interaction efficiency.
- Produced a full-stack tracking hub (TODO List Pro) handling seamless asynchronous data mutations via RESTful APIs.

EDUCATION

Maharishi Markandeshwar University | Mullana, Ambala

Bachelor of Technology (B.Tech) in Computer Science and Engineering | Expected: May 2027 | **CGPA: 7.5**

CERTIFICATIONS, AWARDS & ACHIEVEMENTS

- Awarded National Finalist, Build With India: Secured a placement within the top 5,000 engineering teams out of 25,000+ submissions at Google Office.
- GDSC Android Bootcamp: Certified in Android application architecture (2023).
- Coursera Project Network: Certified in structural web construction with WordPress (2024).
- AWS & Docker Foundation: Successfully implemented cloud and container logic across academic builds (2025).

PUBLICATIONS

- BarkhAI Technical Architecture Guide: Authored comprehensive open-source documentation detailing AI-integrated rainwater harvesting frameworks and API endpoints (2026).

LEADERSHIP & VOLUNTEER EXPERIENCE

- IMUN Campus Ambassador Intern: Conceptualized social outreach operations to enhance forum visibility, driving a 15% increase in regional student engagement.
- UniversuMM 2025 Festival: Directed operations workflow and technical equipment logistics for 500+ attendees.
